Praying about climate change

Creator God, we pray that the leaders of countries who will come together at the UN Climate Change Conference of the Parties (COP26) in Glasgow in November, will commit to reaching net zero carbon emissions within a timescale that holds the temperature rise to no more than 1.5 degrees. We pray that action is taken to phase out our reliance on fossil fuels and that renewable energy initiatives are brought forward. Help us all to do what we can, however great or small, to reduce our carbon emissions for the benefit of everyone. Amen.

(Prayer request written by Teresa Redfern - Canterbury Diocesan Environmental Officer)
