### LOVE IN A BOX 2021 – THANK YOU!

A massive thank you to all who filled shoe boxes or donated items or cash towards the Love in a Box appeal. The response has been amazing and 80 boxes from Staplehurst are now on their way to Romania. Father Christmas will distribute the boxes to babies, children and OAP's identified as being needy. Your kindness will be very much appreciated, especially as for many this will be their only gift this Christmas. I am sure that they would join me in wishing you Crăciun Fericit – Happy Christmas. *Marion Whatmore*

## CHANCEL FLOOR PROJECT UPDATE

### UNSTABLE FLOOR

#### No Entry

Two earth cut tombs have been clearly identified and one intact brick-built Vault. It seems likely that there is at least one other brick vault although it is not clear if that one is still intact. There are certainly a number of other earth cut graves.

One of the graves located under the arch into St George's chapel was placed there after cutting through the foundation step of the arch. (This was not uncommon and is not seen as a problem).

The Archaeologist has some more work to do recording the scene.

A report is being written and the Structural Engineer has been invited to inspect the site.

The holes will not be filled in immediately as there are likely to be a number of authorities who need to inspect them. The current four holes may provide sufficient information although I am expecting that at least one further hole will be required. As soon as I have any official results or more detailed information I will let you know.

Although the holes are covered, the excavations have shown that the surface under the stone slabs, and where the earth is uncovered, is not well supported underneath; however it has developed a hard but fragile crust. Having been disturbed this crust may give way.

We therefore plan to put up the following Notice. Please encourage people to respect this for their own safety (and insurance purposes):
